BARBARIAN

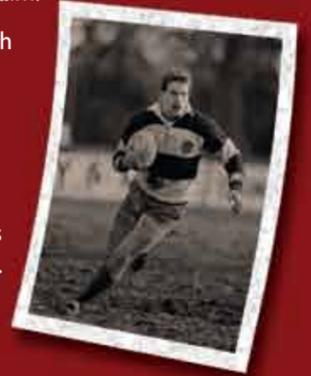

TRULY AUTHENTIC

Barbarian has been making rugby jerseys since 1981 and even to this day, many people do not know that we actually knit our own fabric and manufacture the garments right here in Canada. We employ not only locally, but we also use dozens of suppliers from all over North America, including the use of the world's highest grade cotton grown in the U.S. Delta Region.

In celebration of this, we have used our plant as the fitting back drop for our 2015 catalogue photo shoot which showcases our product and the many machines responsible for producing these garments.

Our ability to make short custom production runs grew from our capacity to make traditional - on field - game cotton jerseys... no other fashion worn rugby shirt on the market today can make that claim.

Synonymous with quality and built to game day specifications, Barbarian is one of the few truly authentic brands of rugby apparel.

PROUDLY MADE IN NORTH AMERICA

Barbarian was originally founded to produce authentic rugby jerseys in 1981. These were heavy duty, traditional cotton rugby jerseys made for the rigors of the rugby field. With a focus on detail and design, Barbarian quickly rose to be THE NAME in quality rugby gear.

Over time, the designs and material of the rugby jersey evolved. In the mid 90's, jerseys transitioned from conventional cotton game wear to high-performance fabrics. Barbarian embraced these technological developments becoming known as an industry innovator. While the actual game was moving away from the cotton rugby shirt and into our Pro-Fit style, interest for the traditional cotton jersey was gaining popularity with sports enthusiast and the fashion industry around the world.

With Barbarian already set to make small team runs of the traditional cotton game jerseys, we were perfectly poised in this transition to produce small minimums of those same jerseys for the fashion and spirit wear markets, thus allowing dealers the ability to offer unique retail items on a small or large scale to suit their needs.

To this day, no other North American manufacturer can offer fully customizable, authentic and classic rugby jerseys in as quick a turn-around time as Barbarian. This is not only our strength – this is what makes Barbarian one of the truly authentic brands of rugby apparel... This is what makes Barbarian unique.

COTTON COLOURS

Our 41 colours of yarn dyed cotton combined with our ability to make short custom production runs grew from our capacity to make traditional rugby shirts for 15 "man" rugby teams... no other fashion worn rugby shirt on the market today can make that claim.
